

## **Amazing me**

(Mary Applegate, Roland Grosch, Bettina Mischke, Andreas Schmid-Martelle)

Your love is always amazing me  
amazing me all the time  
You know your love is amazing me  
and all I need all the time

Now your love is doing something strange to me  
And I've never felt this kinda' energy  
If it's fascination coming over me  
Let it fall - all over me

Your love is always amazing me  
amazing me all the time  
You know your love is amazing me  
and all I need all the time

Don't you feel a tension between you and me  
Move a little closer until you can feel  
All of your sensation moving in on me  
Let it fall - all over me

Your love is always amazing me  
amazing me all the time  
You know your love is amazing me  
and all I need all the time

## **The ambivalent love song**

(Roland Grosch, Bettina Mischke)

I lost my friend  
On a rainy day  
I'm loosing my fate  
On that lonely way  
Now I'm gone  
I feel the snowy cold  
Creeping into my lonely heart

I lost my home  
On that rainy day  
I'm loosing the chains  
On my lonely way  
Now I see  
Behind the snowy cold  
The solitude setting me free

So what are we gonna do  
I can't stop loving you  
But I will not stay with you  
Cause I do not miss you  
Let me go, let me go, let me go

## Beautiful Day

(Mary Applegate, Roland Grosch, Bettina Mischke)

what a day what a beautiful day  
what a day what a beautiful day  
what a day what a beautiful day  
what a day what a beautiful day

safe and sound  
come around, velvet skin, pleasure ground  
what i feel is what you found  
sense of touch, feathered crown

what a day what a beautiful day  
what a day what a beautiful day  
what a day what a beautiful day  
what a day what a beautiful day

feel the flow  
let it go, sometimes new, sometimes slow  
what i want i'll let you know  
secrets of my long ago

what a day what a beautiful day  
what a day what a beautiful day  
what a day what a beautiful day  
what a day what a beautiful day

## **Dreamer**

(Roland Grosch, Bettina Mischke)

We are dreamer  
Not only believers  
In that world tonight

Dragonflies are whispering low  
Tell us something  
We both know

We are dreamer  
Not only believers  
In that world tonight

Let us run and chase the moon  
Let us run  
And chase the views

## **Forget yesterday**

(Mary Applegate, Roland Grosch, Bettina Mischke)

Bodidadab Bodidadab Bodidadab Bodidadab  
Bodidadab Bodidadab

What you see is what you find  
I don't need nobody's time  
What you see's another state of grace  
And I don't need these memories , not me , why keep  
A suitcase full of pain

Bodidadab Bodidadab Bodidadab Bodidadab  
Bodidadab Bodidadab

I can put the past behind  
Move ahead, I'll be fine  
I was just, just crazy for the thrill  
I can forget my yesterdays, those days , I will  
I think it's time I will

Bodidadab Bodidadab Bodidadab Bodidadab  
Bodidadab Bodidadab

I will, I will, I think I will  
Those days, those days I will

Bodidadab Bodidadab Bodidadab Bodidadab  
Bodidadab Bodidadab

Bodidadab Bodidadab Bodidadab Bodidadab  
Bodidadab Bodidadab

## here and now

(Mary Applegate, Roland Grosch, Bettina Mischke)

let us stay at this moment of time  
see a special light up in the sky  
let us prove the day sublime  
cuz now we can believe in what we find

and we're moving to the island  
here and now into the silence  
we can see the little diamonds  
in our dreams - out at sea

let us sail on a moment of time  
gravitation's left us feeling high  
like a crown upon the tide  
and now we can believe in what's inside

that we're moving to an island  
here and now into the silence  
we can see a million diamonds  
in our dreams - out at sea

let us stay at this moment of time  
leave tomorrow somewhere else tonight  
let us prove the day sublime  
cuz now we can believe in what we find

that we're moving to an island  
here and now into the silence  
we can see a million diamonds  
in our dreams - out at sea

cuz we're almost on the island  
and i swear our hearts are climbing  
to a million little diamonds  
in our dreams- out at sea

## House on a hill

(Roland Grosch, Bettina Mischke)

Your mother has woven  
A black quilt of sorrow  
She covered you up with beliefs  
Your father was broken  
His dreams not been awoken  
He never knew who you are

Once in a house on a hill  
You've got that skill  
To be what you are  
Once in a house on a hill  
It gave you quit a thrill  
To be what you are  
For so long, for so long, for so long

Now you are shuffling  
Along on your way  
Along on your stony way home  
I loved you so  
More than you know  
But my love couldn't look behind your screen

## Love track

(Roland Grosch, Bettina Mischke)

You said you never would be mine  
come on and take a little precious time  
Hey there's nothing left to loose  
stand a minute in my shoes

Take a trip on the love track  
Take a trip on the love track  
take a trip take a trip take a trip  
on the love track love track

Hey you on a fancy freaky trip  
following my swaying hips  
you'll never wanna change that way  
cause I see it in your eyes you wanna stay

Take a trip on the love track  
Take a trip on the love track  
take a trip take a trip take a trip  
on the love track love track

## **Pouring rain**

(Mary Applegate, Roland Grosch, Bettina Mischke)

In the pouring rain - now I can breathe again  
Pouring rain - feeling no pain  
Pouring rain - pouring rain

I washed away my tears  
And let go of years  
Now I know how good it feels standing in the rain  
I didn't know what else to do  
I let it fall till I could see  
Now running away from me to you I found myself again

In the pouring rain - now I can breathe again  
Pouring rain - feeling no pain  
Pouring rain - pouring rain

No more am I afraid  
I learned to live with change  
Now I know how good it is I feel alive again  
The rain has set me free  
And washed away the fears I feel  
Cause running away from me to you I found myself again

In the pouring rain - now I can breathe again  
Pouring rain - feeling no pain  
Pouring rain - pouring rain

## **Time is running**

(Ralf Hildenbeutel, Roland Grosch, Bettina Mischke)

Time is running fast  
So what should I believe at last  
Do you know the truth  
Do you know the truth

I ask you why  
You didn't try  
To move behind  
The screen of life

You and I  
Why didn't we try  
To hold on loves mysterious cries

Time is running fast  
So what should I believe at last  
Do you know the truth  
Do you know the truth

I ask you why  
You didn't try  
To stop me walking miles for miles

You and I  
Why didn't we try  
To keep our love from all the lies

Time is running fast  
So what should I believe at last  
Do you know the truth  
Do you know the truth

## **Winter Rose**

(Mary Applegate, Roland Grosch, Bettina Mischke, Helfried Wildenhain)

Stronger than a winter rose  
I knew from long ago  
I let go - the new is not the old

Lovely as a winter rose  
Bringing me room (now) to know  
I can grow - even in winter's snow

Stronger than a winter rose  
Standing in the wind and cold  
All alone  
Beauty I long to hold

Lovely as a winter rose  
Bringing me room (now) to know  
I can grow - even in winter's snow
